

The Organ Trail

Grab yer hat and saddle the broncs!
Tis time to head down the Organ Trail on a little
adventure!

Your job for this journey is to gather all the information you can
about your organ. At the end of this trail, you will need to whip
up a wanted poster to share your finds with the other cowboys
and cowgirls in your camp.

Gather Your Facts!

At the end of this journey, you will need to know the following:

- Which organ system contains your organ?
- What are the organ's main functions?
- How does your organ works with other systems to keep the body healthy?
- Which diseases or disorders affect your organ?
- Can a person live without your organ?

The Roundup

Share the information you have discovered by completing a Wanted poster.
The poster should include a picture of your organ and the information outlined in the "Gather Your Information" section.
